FIGHT FOR YOUR LIBRARIES!!

Libraries are a vital resource for our society. Children, young people, students, job seekers and older people all value highly the services that libraries provide. The savage slashing of the libraries budget will result in a severely diminished service that is both less useful and less accessible. We need our libraries and we need to fight for them!

21st September 7:00pm - CELS Committee at Hendon Town Hall, NW4 4AX

This is where the proposals for our library service will be announced. Please come and watch.
