“Let’s talk about the MONEY”

This is just a quick update for all of our members working across Street Scene which involves discussions about pay rates. We had hoped for this to be resolved by the end of August, however there are still a few outstanding issues in relation to working over the Christmas period and the Christmas Hanger payments. Once we have the final details we will update members.

Timesheets

In future you will need to complete a time sheet. The time sheet will have the details of the rates of pay and the codes.

As there have been some issues about non-payment or incorrect payments, we have requested each worker is given a **copy** of their completed time sheet.

If you need assistance completing the time sheet **please speak** to your line manager.

If you have any further questions of support please contact your Unison reps or contact the branch office on **0208 359 2088** or email **contactus@barnetunison.org.uk**
