JUNE

Environment Committee,

Tuesday 5th June, 2018

7.00pm

Hendon Town Hall, NW4 4BQ

Dear member

I know that Street Scene workers have gone through many changes over the last three years. Senior managers have come and gone, and each one has brought their own ideas of how to run the service and in some cases this has meant cuts to staff and changes to the way you work. On Tuesday 5 June, 2018, Barnet councillors are being asked to agree a whole load of changes to Street Scene services, most of which will have an impact on staff and residents. In all of my time as a trade union organiser in Barnet I have never seen Street Scene workers turn up for a Barnet Council meeting. It is my view that for your **voice to be heard, Street Scene workers** need to turn up to meet the councillors who will vote on the proposed changes. Over the next few days Barnet UNISON will be issuing reminders to all of our members about the need to attend this meeting.

I hope that you will be able to join me there.

Solidarity. John Burgess, Branch Secretary, Barnet UNISON
