# ANNUAL GENERAL MEETING

**THURSDAY, FEBRUARY 8th, 4pm**  
**Committee Room, Barnet House**

**Guest Speaker:**

**John McDonnell, Shadow Chancellor**

**For A Better, Fairer, Democratically Accountable Barnet.**

To **all** Barnet UNISON members.

Come along to listen to Barnet UNISON Annual General meeting to listen to guest speaker John McDonnell Shadow Chancellor who recently had this to say about Barnet UNISON.

“I fully support the Barnet UNISON policy statement For A Better, Fairer, Democratically Accountable Barnet. The branch has mounted an inspirational decade long battle with a right wing ideological driven Tory Council determined to outsource all of its services. I send solidarity message to the branch and to Barnet Labour members who together will deliver a Labour Council to implement this policy statement. ”

Austerity policies have brought services to their knees with cuts to the staffing and terms and conditions. Once again our wonderful and inspiring NHS is reeling under the increased pressure for their services. I am reminded of the Prime Minister back in October 2016 said we are the “fifth largest economy in the world” <https://youtu.be/f1n8qoUi4Ok>. I do not doubt her claim, which makes the assault on public services unacceptable and indefensible.

For Barnet UNISON to continue to support and defend our members working across multiple employers, we need our members support.

Please make time to maintain democracy within our union by attending your AGM

**Thursday 8 February 2018 from 3.30  
in committee room 1, Barnet House**

Food and refreshments are being provided.
