

Fighting Austerity

Guest Speaker:

John McDonnell, Shadow Chancellor
including speakers from branches organising disputes against
austerity policies attacking our members and public services.

Tuesday 19 June 2018

12.45

Venue: Hilton Brighton Metropole

The event is hosted by Kirklees UNISON and sponsored by the
following UNISON branches, Barnet, Hull Local Government,
Tower Hamlets,

“I first want to send solidarity greetings to all UNISON members taking strike action in defence of their jobs and services. I am proud to be a UNISON member and welcome this opportunity to share with UNISON delegates our plans for public services under a Labour Government. The Tories are continuing to implement their brutal austerity policies which are blighting our communities, our public services and the workforce. We have not stopped working on our plans to deliver policies for **the many not the few** in the event that there is a General Election in the Autumn”
