

VOTE YES

UNISON will be balloting schools and council workers in England & Wales at the end of May.

The current offer fails to meet our demand for **12.7%** which would begin to address the **25%** lost from the value of our pay since 2010.

The pay offer which is a pay cut does not deal with the escalating cost of living crisis where:

Inflation for food hits 17.5%.

Rent rises of as much as 30%.

Gas prices have gone up 132% in the last year.

Electricity prices up 66%.

Mortgages up by 26%.

Water bills 7.5%.

Car Tax 10.1%.

Broadband 14%.

Mobile phones 17%.

All schools and council workers are working one day a week for FREE.

GET STRIKE READY

To win the strike ballot for a pay rise and not a pay cut, UNISON needs at least **50% of the members** to fill out the strike ballot paper and post it back.

We need to make sure we have the **correct details for all our members** which is why we are asking members to **send us an email with following text by Monday 15th May** to the

Barnet UNISON office at contactus@barnetunison.org.uk

Dear Barnet UNISON,

My name is:

My UNISON Number is:

This is my address.

This is my email address.

This is my contact mobile/phone number.
