

UNISON NATIONAL EXECUTIVE COMMITTEE ELECTIONS 2023

Every two years UNISON holds NEC elections. NEC stands for National Executive Committee. This is the highest committee in UNISON and it is responsible for setting out how UNISON is organising amongst other things.

In this election members have a lot of votes for different groups of candidates. The turnout in these important elections is very poor which is why our branch is trying to encourage our members to take part in the democracy in our union.

Every member can vote in a number of categories and basically if you receive a ballot for a category, it means you can vote.

Our branch has nominated a number of candidates to stand in the election, but you can vote for who you want. The key thing is that you vote.

The first group is the Greater London Region representatives. Barnet UNISON members have 4 votes.

Our branch has nominated **Helen Davies** who is our Barnet UNISON Branch Chair, **Liz Wheatley**, **Amerit Rait** and **Naomi Byron**.
