

Barnet UNISON nominated Andrea Egan for General Secretary

Why We nominated Andrea

1. Andrea has pledged to devote UNISON resources to improving our ability to take on and win industrial action, learning from trade unions where they have won national ballots.
2. There will be a development of national and regional resources to support branches needing to take industrial action.
3. Andrea has pledged no more “blank cheques” to the Labour Party. The Labour Party cannot expect to keep voting against UNISON’s policies and that UNISON members will keep contributing to its electoral campaigns
4. Andrea is a committed fighter for all Equalities and campaigns on all these fronts.
