## **Barnet Alliance for Public Services statement**

- We champion democratically accountable, high quality public services.
- We reject the idea that public services should be cut in order to bail out the banks.
- We reject Barnet council's plans for mass outsourcing of its services – no to easyCouncil!
- We oppose privatisation and cuts to public services, whether NHS, education, or local authority, and will resist them.
- We oppose free schools and the extension of academies.
- We demand that Barnet council reverses its recent decision to pay the council leader and cabinet members higher allowances.

### **Who is Barnet Alliance for Public Services?**

This is an initiative from Barnet Trades Council. It seeks to bring together Trade Unions, campaigning groups and organisations and members of the public in order to campaign against the mass privatisation and cuts to our public sector services.

We are organising a Lobby of the Council on 14 September and a mass public meeting on 23 September to mobilise people to help us in our campaign to win our demands set out in the statement.

**Save Our Services.**
