

Meet the Bidders Days – BT

Thank you for giving BT the opportunity to talk with you about our proposals for Barnet residents, its employees and the Council. While for BT this is a very exciting opportunity we recognise that at the same time it is also a very unsettling and uncertain time for everyone in the borough.

To help ease some of those fears and uncertainties, we'd like to invite you to one of six 'meet the bidder' sessions that we're going to be running in the Council.

We'd like to spend some time talking about what it would be like to work in BT as an employee, what it would feel like to the residents of Barnet to have BT provide some of their services and what it would mean for the Council to have BT as a partner. We also want to hear from you about your concerns, fears and hopes moving forward and for you to have time to ask questions of us. On the day there will be present some employees who have been in your position and we'd like to give them the floor to speak candidly to you about what they felt, how they dealt with it and how they have developed their careers since joining BT – you'll be able to ask them any questions that you may have.

These events are just the start of what we hope is a successful journey to improve working and social lives in the Borough. People are key to the success of any partnership. We value your views and hope that you will want to help us work with the Council to shape the future and make a difference.

The sessions will be held as detailed below. Please book yourself into a session following the instructions on the covering email to this invitation.
