

**Barnet Partnership Consultation Proposal –
Information Systems (IS & ICT Schools)**

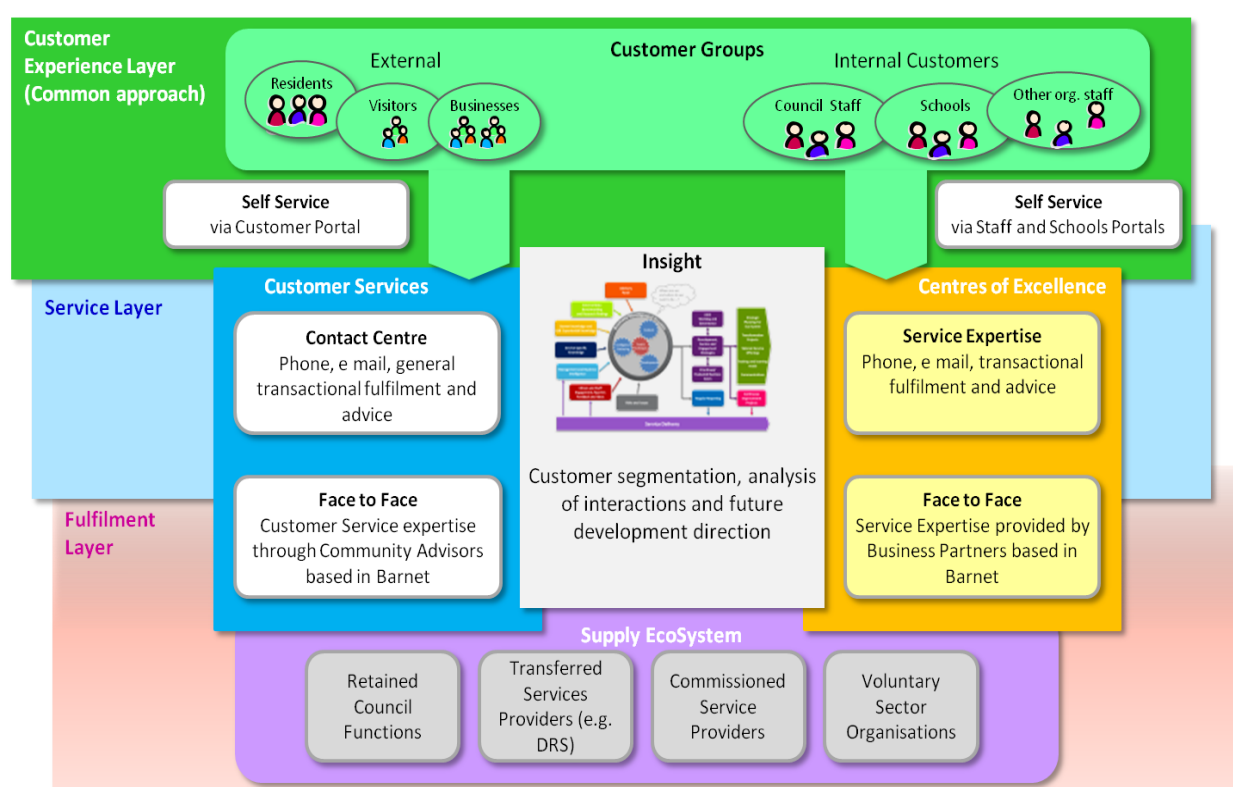

1. Service Commencement

The contract with Capita commenced on 1 September 2013, and 413 London Borough of Barnet employees TUPE transferred to Capita.

2. Background

Since January 2013, Capita have been in consultation with the council and unions on proposed measures to relocate work from Barnet to other Capita locations, and to reduce headcount. The proposed measures reflect a reduction in the operating cost of the services by at least 45% in real terms over the period of the partnership. This would save the council £126 million in the period 2013 to 2024. We based our early assumptions on data provided by the council at that time.

The proposed Target Operating Model (TOM) for all services is below.

Capita shared the proposed changes to services with employees at presentations during March 2013. This covered the service delivery model, timeline of activities, components of the solution including approach, design, technical, and delivery solutions.

Following further meetings with unions, Capita issued a final measures letter in August 2013. This detailed the final assumptions based on the Employee Liability Information (ELI) provided by Barnet council, as shown in the summary table below.

3. Information Systems (Including ICT Schools) Solution

To deliver the new Target Operating Model (TOM) within the Information Systems Solution, we will need to introduce a number of new elements. This will include:

- New Mobile Platforms with enhanced functionality for employees, council partners and residents via online and offline mobile applications – Native Apps & HTML5
- Customer Relationship Management system – replace SAP – Lagan
- Single views - of the customer, property and debt - we will develop and automate processes to integrate data from disparate sources – Informatica
- Knowledge Management Systems - implement an intuitive, intelligent and simple to use Knowledge Management solution – Transversal
- User Identity - strong authentication protocols – CSS Connect
- Telephony – including Natural Voice – MVS and Telephonetics
- Business Process Management - enable data and tasks to be pushed and managed around multiple back office systems – K2
- Rules Engine – flexible/versatile business rules to be created/managed to control process flows between users and back office systems – K2
- Enterprise Search - all internal users including employees and Contact Centre Advisors to search multiple data sources – SOLR
- Web CMS – review/replace Jadu – Magnolia/Jadu
- Integration Layer - between Users, Business Management layers & LONDON BOROUGH OF BARNET back office systems & external services – CSS Connect & K2
- HR, Payroll & Finance - replace SAP – iTrent (HR & Payroll) & Integra (Finance)
- Payment Service - Secure and PCI compliant payment service - Paye.NET
- Insight Systems – data & spatial analysis - Portrait Data Miner & MapInfo Pro
- Enterprise data warehouse – database & data marts – Oracle (re use license)
- Data matching - name and address matching - Informatica
- Management Information & Business Intelligence - current Business Objects Suite - automated Extract, Transform and Load (ETL) of data – Informatica
- Estates - replace access databases, booking systems and energy systems with a fully integrated suite of property-based systems using Unique Property Reference Number (UPRN) - Tramps, Atrium, Condecco and InfoExchange

4. Proposed Headcount Reductions and Relocation

The proposed operational changes and new technologies that will come in make it necessary for us to start to transform the way the service works. We propose to reduce headcount, relocate services to Capita sites in Weybridge and Chippenham, and keep specialist services in Barnet. There may potentially be voluntary and compulsory redundancies due to the proposals, so we intend to enter into a period of consultation.

The table below shows the proposed headcount reductions and relocation, as shown in the measures letters provided at regular intervals to the council, GMB and Unison.

5. Mitigation of Redundancies

We are taking steps to reduce costs in other areas of our cost base to mitigate the need to reduce our headcount wherever possible. Some areas we will review to minimise the impact of redundancies include:

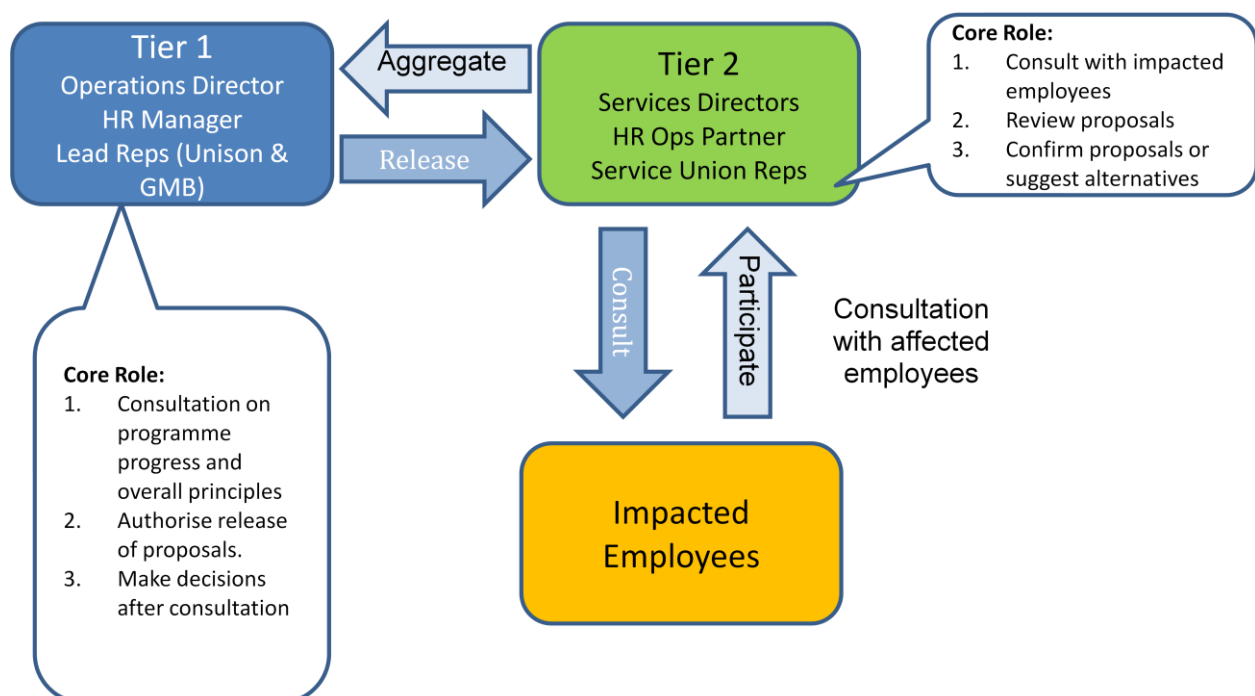

- Releasing temporary and agency staff where possible.
- Exploring alternative options to deliver the services while still meeting the council's requirements and performance measures.
- Looking at redeployment opportunities in London Borough of Barnet contracts and across Capita.

6. Consultation Approach

Capita will consult with recognised Trade Unions (Unison and GMB) on behalf of the affected employees.

Consultation Governance

It is proposed consultation is on two tier structure, as shown below:

Below is a breakdown of the individuals who will be responsible for the consultation process.

Tier 1

Anna Earnshaw (AE)

Kelly Hall (KH)

Adrian McShane-Chapman (AMC)

Tier 2

Goy Roper (GR)

7. Selection Criteria

Where it has not been possible to avoid redundancies, we will use criteria defined to allow the objective selection of employees.

The proposed selection criteria is primarily based on a matrix that considers knowledge, skills and experience, absence, disciplinary record, and cost of redundancy. Illustrative criteria and details of the scoring criteria can be found in Appendix 1.

8. Suitable Alternative Roles and Redeployment

The jointly agreed Principles of Suitable Alternative Employment and Redeployment (SAE) (v4) will apply. Capita recognises that during the proposed transformation programmes some employees will be affected by circumstances that may mean a change of job. The SAE recognises this and the principles outlined will be followed, these can be found in Appendix 2.

9. Relocation

The Information Systems proposals include the relocation of some services to Centres of Excellence located in Weybridge and Chippenham.

For Roles identified in scope to relocate, Capita do not consider the proposed locations as suitable alternative locations to the employee's current work location and therefore any preference to relocate with the service will be discussed on an individual basis.

For employees that may wish to explore the possibilities of relocation Capita will support by discussing with them the potential for site visits and provide information packs for proposed new site locations.

10. Preferencing Exercise

It is proposed that all employees will be invited to a one-to-one meeting at early stages of the consultation process to discuss their individual preferences; this will include requests for voluntary redundancy, redeployment to alternative roles including relocation, and discussions on career aspirations.

The decision to award voluntary redundancy or individual preferences outside of the formal consultation process will be at the business absolute discretion and will include consideration of, amongst other thing, financial and organisational issues.

11. Redundancy Payment & Calculations

Employees will receive redundancy pay as per their individual contractual terms and conditions of employment.

For London Borough of Barnet TUPE employees, the Council redundancy terms transferred will apply, which are:

Week's pay (Annual pensionable salary / 52.14) multiply by the requisite number of weeks as set out in the statutory redundancy pay table.

APPENDIX 1 - Proposed Redundancy Selection

Criteria	Description	Points
Knowledge, skills and experience	Based on knowledge, Skills and Experience. Assessment based on competency based interviewing.	Full Match 20 points No match 0 points
Qualifications	Based on essential and desirable qualifications or equivalent listed in the person specification for the new role. Less weight should be given to desirable qualifications. If no qualification is specified on the person specification maximum points should be given.	Full Match 10 points No Match 0 points
Absence	Based on the employee's recorded absence for each of the previous 3 years to date. Sickness absence does not include pregnancy related absence, disability related as defined by the Disability Discrimination Act and Industrial injuries accepted by the Council's insurance section.	10 = no absence 7 = absence below trigger level 5 = meeting trigger point but informal action 1-4 = formal caution/warning 0 = final caution
Capability	Be based on procedures informal/formal that have commenced and been discussed fully with the employee in the past 3 years to date	10 = no action 7 = informal action 5 = first written warning 0 = final warning short of dismissal
Disciplinary record	Based on information past 3 years to date.	10 = highest (no disciplinary record) 7 = informal action 5 = first written warning 0 = final warning short of dismissal
Cost of redundancy	Based on the cost of redundancy as per estimates of benefit prepared as part of the redundancy process. Part time staff will have their total years service treated in the same way as full time staff but to mitigate against an imbalance in respect of relative cost of redundancy payments and pension, the actual cost should be rounded up to a full time equivalent.	High Cost 20 points Low Cost 0 points

APPENDIX 2 - SAE

Principles of Suitable Alternative Employment and Redeployment

Capita recognises that during the proposed transition and transformation programmes, some employees will be affected by circumstances that may mean a change of job. Where this is the case, Capita will apply the following principles:

Situation <i>Example only</i>	Terms and Conditions to apply
1. Re-Deployment into a Suitable alternative role (no change job stay's in Barnet)	<ul style="list-style-type: none"> • Barnet contractual TUPE Terms & Conditions • *Barnet Pension (ABS) • Policies and Procedure applicable to Capita/London Borough of Barnet contract (T&C Matrix)
2. Re-Deployment into a Suitable Alternative role (covering some or all of Barnet work) in Capita Local Government contracts	<ul style="list-style-type: none"> • Barnet contractual TUPE Terms & Conditions • *Barnet Pension (ABS) • Policies and Procedure applicable to Capita/ London Borough of Barnet contract (T&C Matrix)
3. Re-Deployment into an Alternative role within Barnet, working on Barnet work (& no increase in salary or responsibilities)	<ul style="list-style-type: none"> • Barnet contractual TUPE Terms and Conditions • *Barnet Pension (ABS) • Policies and Procedure applicable to Capita/London Borough of Barnet contract (T&C Matrix)
4. Re-deployment into an Alternative role within Capita Local Government contracts	<ul style="list-style-type: none"> • Capita Terms & Conditions • Capita Pension if not working on Barnet work • Barnet ABS if doing alternative role on Barnet work • Capita Policies and procedures at point of moving to new role
5. Redeployment into an Alternative role within Capita	<ul style="list-style-type: none"> • Capita Terms & Conditions • Capita Pension • Capita Policies and procedures at point of moving to new role

Suitable alternative employment:

Capita considers a Job to be a suitable alternative if the new Job has the same or very similar:

- Content and responsibilities
- Status
- Salary / Remuneration Package
- Reasonable travelling distance
- Required Knowledge, Skills, Experience and Qualification (if required)

The above situations are *examples* that cover a variety of mitigating routes that might apply for individuals who are displaced. This principle provides an optimum number of opportunities for an individual to avoid being made redundant. Each scenario has different implications and a different level of discretion that the employee has to exercise depending on their preferences and personal circumstances.

Capita will offer the employee a trial period of at least four weeks in their new suitable alternative job. Where training is required, the trial period may be extended by mutual agreement. Should either party decide that the trial period is unsuccessful; the employee may be made redundant, on their transferred redundancy terms. Where the trial period is successful the employee will be confirmed in the job with the associated terms and conditions.

Employees who unreasonably refuse an offer of suitable alternative employment may lose any entitlement to redundancy pay. Unreasonable refusal may apply where the differences between the new and the old job are negligible, or where an employee assumes rather than investigates the change that a new job might involve, for example, travelling time or working conditions.

Capita will facilitate employees to explore via extranet the widest available opportunities of suitable alternative employment in order to mitigate a redundancy risk.

Alternative employment:

We recognized that employees within Barnet may have other transferrable skills and experience from their past work history and may want to also look at ways to mitigate redundancy by reviewing wider opportunities within the larger Capita Organisation which may not be suitable alternatives to their Barnet roles.

Where an employee has been successful in applying and being offered an alternative role i.e. one that is not deemed to be a suitable alternative, there will be a trial period of a minimum of 4 weeks. Should either party decide that the trial period is unsuccessful the employee may be made redundant, on their transferred redundancy terms. Should the trial period be successful the employee will be confirmed in the role on the terms and conditions associated with that role.

Reasonable travelling distance:

Capita will determine this on a case-by-case basis, acknowledging that individual circumstances will be different. The following will be used to inform a decision on whether the distance to be travelled as a result of relocation is reasonable:

- Mode of transportation
- Length and type of journey
- Dependant arrangements (e.g. childcare, elderly parents)
- Working patterns

The above is not an exhaustive list, but are the key factors taken into account when assessing the reasonableness of a different commute and an individual's circumstances.

***Condition of London Borough of Barnet pension:**

- As part of the admitted body status agreement that we have engaged in with London Borough of Barnet in order for an employee to remain in the council pension and employee must carry out some Barnet work in their role. If for any reason the criteria is not met, the individual's pension will be deferred and they will be offered Capita's money purchase scheme.
